

Active Readers – Reading IS thinking!

1 st : Objective	Tell students what the objective/topic is for the lesson.
2 nd : Schema	Have students share one thing that they know about the topic.
3 rd : Predicting	Have students do a quick scan of the book (headings, pictures, labels, etc) and predict what they will learn about.
4 th : Vocabulary	Pre-teach some difficult vocabulary words – not all. Remind of strategies for unknown words.
5 th : Clarifying	Students read and write down notes focused on clarifying any confusion.
6 th : Questioning	Students write down one thin and one thick question.
7 th : Summarizing	Students write down main idea and three details from the passage.
